ABOUT ME

Software Engineering student with hands-on experience in cross-platform mobile development using Flutter & Dart. Skilled in RESTful API integration, Firebase, backend development, and Agile environments. Passionate about clean architecture and building impactful digital solutions.

WORK EXPERIENCE

● **YoungDev Intern** Pakistan

Flutter Developer

01/06/2025 – 06/2025

Built responsive cross-platform apps with Flutter/Dart, integrated RESTful APIs, applied state management, and maintained version-controlled code via Git in an Agile workflow.

● **DevelopersHub Corporation©** Pakistan

App Developer (Flutter)

01/05/2025 – 30/06/2025

Developed scalable mobile apps with user-centered design, implemented secure authentication, integrated APIs, and collaborated in a remote Agile team

● **DevSpire Solutions** peshawar, Pakistan

Mobile App Development (Flutter)

01/07/2025 – 31/12/2025

Built responsive mobile applications focused on user experience, implemented authentication and data security features, integrated RESTful APIs, and contributed to a distributed Agile development team.

EDUCATION AND TRAINING

24/10/2022 – 20/08/2026 Peshawar, Pakistan

● **BACHELOR'S** city university of science and information technology

Website <https://cityuniversity.edu.pk/> | **Field of study** SOFTWARE ENGINEERING

09/2020 – 07/2022 Peshawar, Pakistan

● **INTERMEDIATE** ICMS

Website <https://www.icms.edu.pk/> | **Field of study** Computer Science

02/2018 – 02/2020 Peshawar, Pakistan

● **MATRIC** Superior Model School

Field of study Science

SKILLS

Microsoft Word | Microsoft Powerpoint | Self-taught Flutter mobile app development | Git | Github | Dart programming language | Firebase: Firestore, FirebaseAuth, Firestore, RealTime database | JavaScript | Solid foundation in Backend Development: NodeJS, NestJS, etc. | RESTful api | Postman | Agile (Scrum) | Microsoft Office | API Integrations | Clean Code | think creatively | JSON

LANGUAGE SKILLS

MOTHER TONGUE(S): Pashto

Other language(s):

Urdu

Listening C2

Reading C1

Writing C1

Spoken production C2

Spoken interaction C2

English

Listening C1

Reading B1

Writing C1

Spoken production B2

Spoken interaction C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

PROJECTS

01/09/2025 – 12/01/2026

GoDropMe Sachelor's Project

Real-time GPS tracking app connecting parents, drivers, and schools. Available on Google Play Store.

Link https://play.google.com/store/apps/details?id=com.rayonixsolutions.godropme&pcampaignid=web_share

20/12/2024 – 24/12/2024

Maternity HUB – MINIMEDI Hackathon Project

Maternal healthcare app with health guidance, Q&A support, and emergency info for underserved areas

Links <https://youtu.be/94J0PTZEsY8> | <https://devpost.com/software/maternity-hub>

25/11/2024 – 15/01/2025

Meditation Home – Mindfulness Hackathon Project

Cross-platform mindfulness app with guided meditation, personalized features, and calming UX.

Links <https://youtu.be/UDl2q6H6u48> | <https://devpost.com/software/meditation-home>

HONOURS AND AWARDS

08/12/2025

6th Student talent Expo Peshawar

Presenting **Godropme** at the expo—sharing our vision, innovation, and impact with the world.

18/12/2024 City University of Science and Information Technology

Skillathon

Participated in the **Skillathon competition at CUSIT**, where I developed and presented a mobile application

18/12/2025 City University of Science and Information Technology

6th International conference

Showcased **GoDropMe** to global academic audience

24/12/2025 PYLI , British Council , IDEA Pakistan , WaterAid

Pakistan Youth Leadership Initiative

Completed a four-day leadership and community development training under the **Pakistan Youth Leadership Initiative (PYLI)**, organized in collaboration with the **British Council**, **WaterAid**, and **IDEA Pakistan**, focusing on youth leadership and social impact

HOBBIES AND INTERESTS

Research

Exploring software system architectures — studying source code, system workflows, and how technologies interact. Enjoys reading technical documentation and experimenting with small projects to understand frameworks internally.

Public Speaking

Public speaking and presenting technical projects at conferences, expos, and university events

RECOMMENDATIONS

Dr Zulfiqar Ali Associate Professor

I have known them for several years as an Associate Professor at CUSIT and had the opportunity to work closely with them on an Android application development project. They are wonderful in mobile application development, particularly Android programming, problem-solving, and user interface design. I strongly recommend them for their dedication, creativity, and eagerness to learn new technologies

Dr Iftikhar Alam Associate Professor

Throughout his academic journey, Mr. Muhammad Rayyan consistently exhibited enthusiasm and a strong commitment to his studies. He was always punctual in completing assigned tasks and actively engaged in class discussions. His ability to express himself fluently in English, both verbally and in writing, was commendable. I highly recommend Mr. Muhammad Rayyan for higher studies, and I am confident that he will excel in his future academic pursuits.

Sir Faraz Ali Shah Lecturer

I am pleased to recommend Muhammad Rayyan for higher studies. During his final year project under my supervision at City University of Science and Information Technology (CUSIT), he demonstrated a strong commitment to research, technical skills, and problem-solving.
